

Ruby

Nm. 1/51 (S,Z)

Composition 100% Cotton

Characteristics High-twisted single yarn of cotton.
When knitted in plain stitch, the high twisted single yarn results in a "twisted" knitted panel.
By using this characteristic in different stitches/plying, various textures and unique appearances can be achieved.

Special Instructions Available in S twist and Z twist. Please specify when ordering.
There are colour differences among dye lots.

Notes Please note that the small differences of colour/texture/shrinkage between the production lots are inevitable.
Please conduct enough trials in advance, as the final result depends greatly on the condition of knitting and washing.
• Due to the dyeing method, the net weight of each cone may turn out lighter by about 3% after dyeing.
