

Composition 100% Cotton

Characteristics Cotton yarn processed into a linen-like texture.
Since the yarn is very dry and strong-textured, it is great to ply up with other yarns to add a firm texture.

Special Instructions Waxing is recommended in case the yarn breaks.

Notes Please note that the small differences of colour/texture/shrinkage between the production lots are inevitable.
Please conduct enough trials in advance, as the final result depends greatly on the condition of knitting and washing.
