Nm. 1/8.8

Composition 40% Nylon, 38% Viscose, 22% Japanese Paper

Characteristics Tape-yarn made from Japanese paper on one side, plied with metallic tape on the other. It has a unique appearance with a random shine that peeks out as the tape flips when knitted.

Special Instructions Avoid knitting in a way that tension is put on the yarn as Japanese paper is delicate.

Notes Please note that the small differences of colour/texture/shrinkage between the production lots are inevitable. Please conduct enough trials in advance, as the final result depends greatly on the condition of knitting and washing.

Finishing

- Dry cleaning is recommended. Please steam press to set the shape before dry cleaning.
- When ironing, please put a piece of cloth on the knitted panel. The temperature must be below 110°C.
- Avoid strong acidic or strong alkaline chemicals, as the yarn may lose its luster or color. Please use the soap compatible with metallic yarns.
